

OvernightPrints.com Launches Reusable Custom Printed Masks

New custom cloth face mask product combines style and safety for companies

LAS VEGAS, NV (July 21, 2020) – Overnight Prints, Inc., an online print company, is expanding its extensive line of print marketing materials with [custom reusable cloth face masks](#). Overnight Prints provides customers with a convenient site where they can create all marketing materials, and ability to choose among dozens of products to customize with their logo, name or company slogan.

Face masks have become an essential item during the pandemic, with most cities in the United States (and the CDC) recommending and encouraging people to wear face coverings when out in public. “Public health authorities have stated the importance of face coverings to help slow the spread of COVID-19, and we know our customers have been looking for non-medical masks that can be customized with logos or artistic designs,” said Janell Awong, Marketing Director, Overnight Prints. Adding, “Face masks will likely continue to be a part of our everyday life for a significant period. Because of this, we do believe it is important to have masks that people like to wear – they should be functional, comfortable and brandable.”

Overnight Prints will continue to provide quality printing, on-time delivery, and award-winning customer service. These face masks will be available to individuals, special event coordinators and restaurant & small business owners looking to increase brand awareness. With Overnight Prints’ award-winning designer and 3D viewer, you will know what your masks will look like before they are delivered to your door.
